Singapore Urban Mobility Week – 4th to 6th November 2026

ITS Now appointed as Official Media Partner for Singapore Mobility Week 2026

ITS Now are delighted to announce their appointment as Official Media Partner for the **2026 Singapore Urban Mobility Week (SUMW)**. Jointly organised by the Land Transport Authority of Singapore, MSI Global Pte Ltd and MP Singapore (with support from the Ministry of Transport), the inaugural SUMW edition will take place from 4 – 6 November 2026, under the theme, **Drive the Future - Autonomous Innovation, Smart Infrastructure and Urban Mobility**.

Alistair Gollop, Founder of ITS Now said, “*We are really looking forward to working with the organisers of SUMW to bring the users of the ITS Now website and ITS Edge Magazine exciting developments coming from this major event in Singapore in 2026*”.

SUMW promises to act as a platform to advance urban transport and to be a strategic networking hub for the urban mobility sector across the Asia Pacific and beyond, the event will feature a dynamic showcase of cutting-edge technologies and solutions, alongside an expert-driven conference advancing policy, innovation, and global best practices. This premier biennial event is set to connect global transport leaders, policymakers, solution providers and industry experts who are passionate about shaping the future of urban mobility.

Notes to Editors

ITS Now - Intelligent Transport Systems, Explained.

About Singapore Urban Mobility Week (SUMW)

Singapore Urban Mobility Week will welcome a diverse and influential mix of attendees from the region and beyond. The event will bring together key voices driving policy, investment, and innovation in urban mobility alongside stakeholders from across the mobility ecosystem, creating a dynamic setting for strategic dialogue, meaningful partnerships, and high-impact business development. <https://sgurbanmobility.com/>

Bio

Alistair Gollop is the Founder of **ITS Now** which exists to promote best practice and professional development within the Intelligent Transport Systems (ITS) sector. **ITS Now** originates resources ranging from videos, reference books and guidance documents through to **ITS Edge Magazine**, informative references and educational content.

Alistair is a recognised Intelligent Transport Systems industry figure with over 30 years in-depth experience, resulting in an extensive specialist knowledge of traffic systems. He is a freelance consultant at **The Alistair Gollop ITS & Traffic Signal Consultancy** (<https://alistairgollop.com>) carrying out a wide range of Intelligent Transport Systems and Traffic Signal related consultancy services. A former Technical Principal at Mott MacDonald, he has particular experience in preliminary equipment assessments, due diligence reports, field trials and integration into traffic systems and has a detailed knowledge of specialist technologies and equipment, standards and statutory requirements, along with ancillary issues, such as passive safety and the implications these pose on the design and management of traffic system installations. As well as the UK, Alistair has worked in diverse locations across Europe, South America, Africa, the Middle East, Asia and Australasia. He is the author of the well-respected "Traffic Signals" and "Traffic Control" books, along with "ITS Edge" Magazine and numerous articles for publications. In addition to presenting at conferences, he is a regular panellist and facilitator at events. As the Chair of the Professional Development Portfolio, he sits on the executive board of The Institute of Highway Engineers.
